TITANIUM
EXPRESSION

— 34MM WAVING WAND —

TITANIUM EXPRESSION

BaByliss PRO has been at the forefront of hair styling innovation and inspiration for over 50 years. We produce innovative, professional products engineered with demanding session and salon performance in mind.

With our Titanium Expression range, you can create any look from session to salon. Our stylers feature Titanium Ceratherm™ technology; a combination of premium titanium with a fast-action ceramic heating system to give consistent, even heat that you can rely on for a perfect finish.

SAFETY CAUTIONS

- This appliance should only be used as described within this instruction booklet. Please retain for reference.

IMPORTANT CHILD SAFETY

WARNING! Polythene bags over product or package may be dangerous. To avoid danger of suffocation, keep this wrapper away from babies and children. This bag is not a toy.

WARNING! THIS APPLIANCE GETS HOT!

- **ALWAYS** keep out of reach of children (during and after use and whilst cooling).
- This appliance should not be used, cleaned or maintained by children.
- Always take extra care if used on children or near children.
- Do not use on very young children.

IMPORTANT SAFETY

- Do not use this appliance in the bathroom.
- **WARNING!** Do not use this appliance near water contained in basins, bathtubs or other vessels.
- Do not immerse the appliance in water or other liquids.
- Always inspect the appliance before use for noticeable signs of damage. Do not use if damaged, or if the appliance has been dropped. In the event of damage, discontinue use immediately and contact the Conair Customer Care Line (refer to 'UK After Sales Service' section for further information).
- Do not use the appliance if the lead is damaged. In the event of lead damage, discontinue use immediately. If the lead is damaged it must be replaced by the manufacturer. Return the

appliance to the Conair Service Centre (refer to 'UK After Sales Service' section for further information). No repair must be attempted by the consumer.

- Do not leave the appliance unattended when switched on or plugged in.
- During use do not place the appliance on any heat sensitive surface, even when using the heat mat provided.
- Take care to avoid the hot surface of the appliance coming into direct contact with the skin, in particular the eyes, ears, face and neck.
- In the event of the appliance left switched on, the appliance will automatically shut off after 72 minutes. If you wish to continue using the appliance after this time, simply press the 'I/O' button to turn the power on.
- This appliance should not be used by adults whose reduced physical, sensory or mental capabilities, or whose lack of experience and knowledge, might cause a hazard, unless they have been correctly instructed to understand the safe use and hazards involved and are adequately supervised.
- After use, do not coil the lead around the appliance as this may cause damage. Instead, coil loosely by the side of the appliance and allow appliance to cool before storing away.
- This product complies fully with all appropriate EU and UK Legislation and the Standards relevant to this type and class of appliance. We are an ISO9001:2015 certified company that continually evaluates our Quality Management System performance. If you have any queries regarding product safety and compliance, please contact the Conair Customer Care Line. (Refer to 'UK After Sales Service' section for further information).

34MM WAVING WAND

Create loose waves with the 34mm Waving Wand featuring a longer length straight barrel with true titanium finish and up to 210°C high heat. The advanced heating system delivers precision-regulated temperatures and instant heat transfer for fast, long-lasting results.

FEATURES

- 34mm longer length straight barrel with true titanium finish
- Ultra-fast heat up and instant heat recovery
- High heat performance up to 210°C
- 11 digital temperature settings for enhanced heat protection on all hair types
- Stay cool safety tip
- Auto shut-off for added safety
- Salon length 2.7m swivel cord for ease of use
- Heat protection glove
- Heat mat with storage compartment for convenience and safety

HEAT SETTINGS

There are 11 temperature settings to select from (160°C-210°C) for enhanced heat protection on all hair types. If you have delicate, fine or coloured hair, use the lower heat settings. For thicker hair, use the higher heat settings. It is suggested to always complete a test on initial use to ensure the correct temperature is used on the hair type. Start on the lowest setting and increase the temperature until desired result is achieved.

Below is a guide of the temperature settings.

Hair Type Description	Very Fine, Fragile Hair	Regularly Coloured or Highlighted Hair	Fine, Easy to Curl Hair	Normal Textured Hair	Naturally Curly or Wavy Hair	Thick or Coarse Hair
Recommended Temperature Setting	160°C	165°C	170°C	185°C	190°C	200-210°C

HOW TO USE YOUR WAVING WAND

CAUTION! Do not place the appliance on any heat sensitive surface whilst in operation. Use the heat mat provided to protect the work surface whilst styling your hair.

- Press and hold the button marked 'I/O' to switch the styler on. The temperature display panel will begin to flash 160°C.
- The styler will automatically adjust to the 160°C temperature setting each time it is switched on and this will be displayed on the LCD screen.
IMPORTANT: Within 4 seconds of turning the styler on, the temperature setting will automatically lock. You are able to adjust the temperature setting immediately after switching on the styler, however if the temperature locks, hold down either the '+/-' buttons for 1-2 seconds to change the temperature.
- The temperature increases in 5°C increments for specific temperature control (160°C-210°C)
NOTE: Always start with a lower temperature setting and increase gradually if required.
- The temperature on the display will flash while the styler is heating up to the selected temperature. You may still change the temperature setting at this time.
- When the selected temperature has been reached, the temperature display will stop flashing.

WARNING! This appliance reaches up to 210°C, please take care to avoid the hot surface of the barrel coming in to direct contact with the skin, in particular the ears, eyes, face and neck.

STYLING ADVICE

- Ensure hair is dry and combed through. Divide into sections.
- Before styling make sure the heat protection glove is worn on the hand which is wrapping the hair around the barrel.
- Take a section of hair starting around 2 inches from the scalp.
- Hold the styler at a slight angle pointing the cool tip downwards.
- Wrap the hair around and down the barrel until you reach the ends of the section. As you wrap the hair, ensure it is distributed evenly so the entire section is touching the barrel. Try not to overlap the hair as you wrap.
- Hold the end of the hair in place for 3-5 seconds depending on your hair type, then let go of the end of the hair section and pull the styler away.
- Repeat as necessary through the remaining sections. Use the heat protection mat to place your styler on between each section to protect surfaces.
- Only once hair is cool, run your fingers through the hair to break up the waves.
- After use, press and hold the 'I/O' button for 1-2 seconds to switch your styler off and unplug.
- Allow to cool completely before storing away. For extra protection, wrap the styler in the salon heat wrap.

HEAT PROTECTION GLOVE

IMPORTANT: A heat protection glove has been supplied to help protect the hand from temporary contact with the barrel when wrapping the hair around the appliance. Please note the heat protection glove is only designed to give initial contact protection. Discomfort will be caused with prolonged contact with the hot surface.

SALON HEAT WRAP

The wand comes with a salon heat wrap for use during and after styling. During use do not place this appliance on any heat sensitive surface, even when using the wrap provided. After use, switch off and unplug the appliance. Immediately wrap the appliance in the heat wrap provided and allow to fully cool down. Continue to keep it out of the reach of children as it will remain hot for several minutes.

IMPORTANT: The black satin material is not heat resistant and the appliance should not be placed on this material whilst hot.

AUTO SHUT-OFF

This appliance has an automatic shut off feature for added safety. If the appliance is switched on for more than 72 minutes continuously, then it will automatically switch off. If you wish to continue using the appliance after this time, simply press the '1/0' button to turn the power on.

LOOKING AFTER YOUR WAVING WAND

- In order for your styler to retain its top performance it is important to make sure there is no product build up on the barrel. When the styler is completely cool and unplugged, use a damp cloth over the surface of the barrel to wipe away any styling product.
- Keep the power cord away from the hot barrel at all times.
- Before storing away, always allow the barrel to cool down and place in the heat mat provided for extra protection.
- To prevent cord damage, do not wrap the cord around the styler – always store the cord next to it.

UK GUARANTEE

The Conair Group Ltd, Unit 3, Waterfront Business Park, Fleet, GU51 3TW

This BaByliss PRO appliance is guaranteed for professional use for 1 year and is only valid within the United Kingdom.

Exclusions

This guarantee will no longer be valid meaning that The Conair Group Ltd will not be liable to repair or replace your product where:

- 1.) The appliance has been used on a voltage supply other than that which is marked on the product, or advised within this instruction booklet
- 2.) The appliance has been purchased from an unauthorised stockist*
- 3.) Repairs or alterations have been attempted by unauthorised persons
- 4.) The failure of the appliance is a direct result of misuse
- 5.) The failure is a result of not following the instructions for use

This guarantee does not cover any cosmetic damage due to misuse of the product nor any damage to persons or property that occurs because of product misuse.

*unauthorised stockists include, but are not limited to online auction sites, private sellers and those selling second hand goods, refurbished products etc.

Please contact the Conair Customer Care Line on 03705 133 191 (09:00 to 17:00 Monday to Friday) or e-mail ukinfo@conair.com for further information on authorised stockists.

It is important to retain your proof of purchase. We recommend attaching your receipt to this page.

Even where a refund may be applicable, no refund will be provided without a valid receipt or proof of purchase, we will only be able to offer a repair or replacement service. Please note this does not apply if the product was purchased directly from The Conair Group Ltd.

Guarantees on replacement products run from the original purchase date or date of delivery, whichever is later, and not from the date of replacement.

This guarantee is an additional benefit and does not affect your statutory rights as a consumer. If you have any queries regarding this guarantee please contact the Conair Customer Care Line on 03705 133 191 (09:00 to 17:00 Monday to Friday) or e-mail ukinfo@conair.com.

UK AFTER SALES SERVICE

For further advice on using the appliance or should you need to return your product, please contact the Conair Customer Care Line on 03705 133 191 (09:00 to 17:00 Monday to Friday) or e-mail your enquiry to ukinfo@conair.com.
